Latest news

From 1 February, Viridor Credits funding will be available to non-profit organisations in Taunton for the first time, reflecting Taunton as the home of both Viridor and Viridor Credits. Other changes to funding include the closure of Broadpath landfill site in Devon and a reduction in the top grant in London to £50,000. Viridor Credits no longer accepts applications for new build projects from 1 April 2020.

In Scotland

There were a couple of train-based projects completed in Scotland this quarter. First (bottom left), the Wallyford Pug; a memorial to the area's mining and brick-working heritage and a memorial to 38 men who died in the local collieries. Also complete was Almondell Model Heritage Centre (bottom right), created by one of the world's oldest model engineering societies. The new centre will educate visitors on Scotland's engineering heritage, passing skills onto a younger generation.
